Cloud Locksmith

Microsoft 365 Assessment Report

Generated by Cloud Locksmith Assessment CLI

https://cloudlocksmith.co

Executive Summary

Identity Security Posture Score: **FAIR** (8/14, 57%)

Area	Result
Global Admins	4 (Moderate)
Privileged MFA	100%
Tenant MFA	82%
Security Defaults	Disabled
Guest Accounts	14
Potentially Reclaimable Seats	14

Generated locally. No data sent to Cloud Locksmith. Point-in-time assessment only — no changes were made to your tenant.

Identity Security Posture Score

Grade: Fair — Score: 8/14 (57%) — 7 of 7 controls evaluated

Control	Status	Pts	Detail
Privileged MFA Coverage	PASS	2/2	100% of privileged users have MFA registered
Global Admin Count	WARNING	1/2	4 Global Admins (4–5; consider reducing)
Tenant MFA Coverage	WARNING	1/2	82% tenant MFA coverage (≥90% to PASS)
Baseline Access Enforcement	PASS	2/2	3 enabled Conditional Access policy(ies)
User App Consent	WARNING	1/2	Users can consent to third-party apps (restrict to admins)
Dormant Enabled Accounts	FAIL	0/2	6 dormant enabled accounts — unused sign-in surface
Stale Guest Access	WARNING	1/2	5 stale guest account(s) — review access

Identity Security Posture Score reflects only the Microsoft 365 identity/access controls this tool could evaluate. It is not a measure of overall cybersecurity maturity, breach likelihood, compliance, or insurance eligibility.

Generated locally. No data sent to Cloud Locksmith. Point-in-time assessment only — no changes were made to your tenant.

Identity, Access & Policy Findings

Finding	Status	Detail
Global Administrators	**SUCCESS**	4 admins — Moderate risk
Privileged MFA Coverage	**SUCCESS**	100% (6/6)
Tenant MFA Coverage	**SUCCESS**	82% (123/150)
Privileged Role Holders	**SUCCESS**	7 distinct users across 3 roles
Guest Accounts	**SUCCESS**	14 guests
Stale Guests (90d+)	**SUCCESS**	5 stale
Security Defaults	**SUCCESS**	Disabled
Conditional Access	**SUCCESS**	3 enabled / 5 total
User App Consent	**SUCCESS**	Users can consent
Dormant Enabled Accounts (scored)	**SUCCESS**	6 enabled, no sign-in 90d+
Disabled Still-Licensed (cost)	**SUCCESS**	2 — reclaimable license

Generated locally. No data sent to Cloud Locksmith. Point-in-time assessment only — no changes were made to your tenant.

License Optimization

Metric	Value
Active (paid) units	175
Consumed units	161
Potentially reclaimable seats	14
Est. reclaimable spend (monthly)	$446.00
Est. reclaimable spend (annual)	$5,352.00
Priced reclaimable seats	12
Unpriced reclaimable seats	2

Estimates from Microsoft public list prices (approximate). Unassigned seats are potentially reclaimable, not proven waste.

Note: 2 reclaimable seat(s) across 1 SKU(s) have no pricing data; the dollar estimate covers only priced SKUs.

Assessment Metadata

Field	Value
Generated	2026-01-15T09:00:00+00:00
Schema Version	2.0.0
Authentication	Microsoft Device Code Flow
Permissions	Read-only delegated
Data Handling	No data transmitted to Cloud Locksmith.
Token Handling	Tokens discarded after assessment.
